Spectrum Health Presents: Careers in Health Care IT: Internships and Beyond

Are you interested in a career in health care IT? Learn more about current and future opportunities with West Michigan’s largest employer on Friday October 25, 2013 from 2:00PM – 4:30 PM.

The event includes:

- Presentations from Spectrum Health IS leadership about health care technology career opportunities.
- Rapid Roundtables – An opportunity for you to introduce yourself to hiring managers and senior leaders in a fast paced setting
- A sneak peak at the summer 2014 internship program

Refreshments will be provided. A limited number of registrations are available for each academic institution; you can register at this link.

What Opportunities are Available at Spectrum Health?

Spectrum Health's mission is to improve the health of families and individuals in the communities we serve. Every employee – whether at the bedside or behind the scenes – makes a difference in the lives of patients, families and members.

Our internship and entry-level career roles include:

- Biomedical Electronics
- Client Technology Support
- Clinical Systems Engineering
- Database Administration
- Electronic Medical Record (EMR) Application Support
- Informatics / Analytics
- IT Operations
- Application / Web / Mobile Development
- Laboratory Application Implementation & Support
- Project Management
- Procurement / Asset Management / Supply Chain Management
- Radiology Application Implementation & Support
- Server / Storage / Platform Engineering

More than anything, we’re looking for students with a passion for health and technology. The two don’t always equal a degree in computer science. Our IS employees have a diverse educational and work experience backgrounds. The unique skill sets and experiences make us a stronger organization.

Students pursuing the following types of degrees are also encouraged to attend:
• Business / Business Administration (with Technology Interest or Minor)
• Computer Science
• Electronics / Biomedical Electronics / Clinical Engineering
• Health Care Administration
• Informatics / Bioinformatics
• Information Systems
• Life Sciences (with Technology Interest or Minor)
• Project Management / IT Project Management
• Supply Chain Management (SCM)

**About Spectrum Health**

[Spectrum Health](#) is a not-for-profit health system, based in West Michigan, offering a full continuum of care through the Spectrum Health Hospital Group, which is comprised of 10 hospitals; 170 ambulatory and service sites; 960 advanced practice providers and employed physicians including members of the [Spectrum Health Medical Group](#) and [West Michigan Heart](#) physician groups; and [Priority Health](#), a health plan. We are the region’s largest employer with 20,000 employees. We attract and retain the best and brightest talent--diverse individuals whose words and actions demonstrate our values of compassion, excellence, integrity, respect and teamwork. In return, Spectrum Health provides opportunities for you to challenge yourself and seek out new ways to offer better service and care.
